

State of Louisiana Homeland Security Strategy

GOAL 1: To develop and enhance communications with Federal, State, and local agencies to ensure interoperable communications will be maintained during all hazards incidents/events.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 1.1	PLANNING	Establish SOPs for deployment of IC equip to facilitate Fed, State, local communications during all hazards events
OBJ 1.2	ORGANIZATION	Establish a Governing board for addressing state/local IC issues
OBJ 1.3	EQUIPMENT	Acquire all necessary equip to facilitate IC between Fed, State, locals during an all hazards event locally and statewide.
OBJ 1.4	TRAINING	Determine the level of training needed for first responders so that they can utilize IC system the most efficiently and effectively
OBJ 1.5	EXERCISE	Exercise Digital System annually to determine its effectiveness

GOAL 2: To employ the National Incident Management System (NIMS) and National Response Plan (NRP) in a tactical and operational all hazards environment.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 2.1	PLANNING	Update EOP, consistent with NRP, and incorporate NIMS in the EOP
OBJ 2.2	PLANNING	Update existing EOP that addresses the vulnerabilities identified in the state hazard analysis
OBJ 2.3	ORGANIZATION	Formally adopt NIMS as the all hazards command and control at Tac and Ops level
OBJ 2.4	EQUIPMENT	Acquire all necessary equipment so that state/regional/locals first responders can respond to and recover from a CBRNE or all hazards incident
OBJ 2.5	EQUIPMENT	Acquire appropriate equipment necessary to strengthen all hazards including CBRNE
OBJ 2.6	TRAINING	Prepare and standardize training plan to establish standardization among first responders to strengthen all hazards and CBRNE capabilities
OBJ 2.7	TRAINING	Train all instructors to a standardized level coordinated through GOHSEP
OBJ 2.8	TRAINING	Consistent with the NRP, strengthen training in the operation of EOCs/Mobile EOCs/JFOs
OBJ 2.9	EXERCISE	Annually, practice the implementation of NIMS during an all haz exercise including CBRNE detection, response and decon capabilities

GOAL 4: To document, assess and secure all critical infrastructures/key resources (CI/KR) consistent with the Interim National Infrastructure Protection Plan (NIPP) and categorize those facilities within guidelines established by federal, state and local authorities.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 4.1	PLANNING	Develop a comprehensive, CI/KR protection program that lists all CI/KR facilities and implements risk management per NIPP
OBJ 4.2	PLANNING	Establish cyber security protection efforts across all sectors of CI/KR
OBJ 4.3	PLANNING	Prepare a protective operation plan for CI/KR assets
OBJ 4.4	PLANNING	Obtain GIS imagery and capabilities to effectively manage and respond to CI/KR related incidents/planning requirements
OBJ 4.5	ORGANIZATION	Build a statewide CI/KR protection plan that implements the risk management framework outlined in the NIPP
OBJ 4.6	EQUIPMENT	Establish standardization on a single platform to share CI/KR info among different agencies
OBJ 4.7	EQUIPMENT	Acquire equip to catalog, record, capture and distribute all CI/KR assets and info pertaining to any CI/KR facility as needed
OBJ 4.8	EQUIPMENT	Acquire appropriate equipment necessary to implement CI/KR protective measures
OBJ 4.9	TRAINING	Train all users to effectively manipulate and set up CI/KR database
OBJ 4.10	EXERCISE	To determine effectiveness, perform annual exercise using CI/KR database
OBJ 4.11	EXERCISE	Test/validate CI/KR security plans

GOAL 5: Implement Maritime Safety and Security Program to enhance current capabilities of detecting and preventing all hazard incidents on the State's major waterways.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 5.1	PLANNING	Establish SOP on sharing/reporting of suspicious activity on state's navigable waterways
OBJ 5.2	ORGANIZATION	Organize a system that effectively monitors how key Federal, state and local partners manage and monitor all suspicious activities on state's navigable waterways
OBJ 5.3	ORGANIZATION	Organize teams for response to all haz Incidents on state's navigable waterways
OBJ 5.4	EQUIPMENT	Determine what equipment is necessary to properly prevent/respond to any type of all haz activities on state's waterways
OBJ 5.5	TRAINING	Conduct all haz maritime training for protection and preservation of state's waterways
OBJ 5.6	EXERCISE	Perform annual exercise to determine effectiveness of River Watch Program

GOAL 6: To assist the State's Homeland Security Regions in the development of a Regional Strategy for the implementation of Homeland Security Grant Programs in a way that would maximize all available resources in the region and develop a coherent strategy for the allocation of additional resources.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 6.1	PLANNING	Establish a standardized Regional HS structure across the state
OBJ 6.2	PLANNING	Establish a Regional Strategy in order to implement and manage the ODP HS grants by Region
OBJ 6.3	ORGANIZATION	Establish working groups to facilitate the development and adoption of the Regional strategy which fosters multi-jurisdictional mutual aid
OBJ 6.4	ORGANIZATION	Identify/organize regional response teams
OBJ 6.5	EQUIPMENT	Support standardization of equipment to support IC among responding agencies
OBJ 6.6	TRAINING	Conduct regional training to enhance knowledge and support of mutual aid among designated parishes/agencies
OBJ 6.7	EXERCISE	Conduct regionalized exercises to enhance knowledge and support of mutual aid among designated parishes/agencies

GOAL 7: To establish, train, and equip an Urban Search and Rescue Team(s) to assist in responding to all hazard incidents/events.

<u>Objective</u>	<u>Solution Area</u>	<u>Summary</u>
OBJ 7.1	PLANNING	Establish procedures for establishing an Urban Search and Rescue team
OBJ 7.2	PLANNING	Establish SOP for teams to follow to include procedures for deployment
OBJ 7.3	ORGANIZATION	Legally formalize the Urban S/R teams into a deployable asset to respond to and all haz incident
OBJ 7.4	ORGANIZATION	The Urban S/R team organization should be based on the FEMA model or a derivative
OBJ 7.5	ORGANIZATION	Establish USAR team so that it can function as the Regional team for emergencies that do not require full mobilization
OBJ 7.6	EQUIPMENT	Fully equip USAR Team(s) to effectively respond to an all haz event
OBJ 7.7	TRAINING	Train USAR teams to respond to an all haz event and properly execute tech skills in any event, including a CBRNE environment
OBJ 7.8	EXERCISE	Annually perform an all haz or WMD/CBRNE exercise
